Product Overview

Reliable Automotive Hood Release Solution

This automotive hood release cable assembly is engineered to match the exact dimensions and performance standards of original equipment. Featuring a corrosion-resistant design and durable, lubricated inner cables, this component ensures smooth operation and long-term durability. The construction includes a bird-caged inner wire prior to die-casting, which significantly increases the pull-off force of the ends for enhanced safety and reliability.

Technical Specifications

Construction Features

- Corrosion-resistant materials
- Lubricated inner cable sheath
- Bird-caged inner wire design
- Ergonomic handle grip

Durability Rating

Corrosion Resistant • OEM Standard • High Tensile Strength

Compatibility

Compatible Vehicle Models

Make	Model	Year Range
Buick	Regal	1989-1996
Chevrolet	Lumina	1990-1994
Oldsmobile	Cutlass Supreme	1989-1997
Pontiac	Grand Prix	1989-1996
