Product Overview

Automotive Lighting Solution

This automotive lighting lamp is engineered for clarity, durability, and reliable performance in demanding vehicle applications. Featuring an advanced lens and reflector system, it is designed to maximize light output and ensure optimal visibility. The assembly is constructed from high-quality, durable materials built to withstand environmental factors, ensuring longevity and secure installation.

Compatibility

Compatible Vehicle Brands

FOTON, DONGFENG, HOWO

Technical Details

Design Features

- Complex lens and reflector arrangement
- High-clarity lens finish
- Integrated mounting points for secure installation
- Engineered for automotive applications
