

Automotive Soft Wax Polish for High-Gloss Finish

This soft wax car polish provides a high-gloss finish and long-lasting protection for automotive paint. It effectively removes minor imperfections, swirls, and oxidation, leaving a smooth, hydrophobic surface that repels water and dirt.

Product Overview

Professional Automotive Soft Wax Polish

This premium soft wax polish features a mild and faintly acidic formula designed to rejuvenate automotive paintwork. Its penetrating action mimics the effects of skin lotion, ensuring deep nourishment and a brilliant, high-gloss finish. Suitable for all paint types including clear coats, metallic, and single-stage finishes, this wax provides long-lasting UV protection and a hydrophobic surface that resists water and dirt.

Performance Features

Compatible Paint Types
