

Automotive Starter Motor

This high-performance starter motor is designed for automotive applications. It features efficient energy conversion and extended service life.

Product Overview

High-Performance Starter Motor

This automotive starter motor is precision-engineered to deliver reliable ignition power for heavy-duty engines. Designed for efficiency and durability, it features a robust solenoid and high-quality housing to ensure extended service life even under demanding conditions. It is specifically compatible with 1KD and 2KD engine systems, providing a dependable solution for automotive maintenance and performance upgrades.

Technical Specifications

Voltage	12 V
Power Output	2 KW
Number of Teeth	9
Rotation	CW

Compatibility

OEM Reference Numbers

- 28100-0L080
- 28100-0L081

Engine Compatibility	1KD Engine, 2KD Engine
