Product Overview

Premium Automotive Tail Lamp

This tail lamp assembly is precision-engineered for specific vehicle applications to ensure a seamless fit and optimal function. Featuring a robust multi-segment design with integrated reflectors, it delivers enhanced visibility and safety on the road. The unit is constructed from high-impact resistant materials, offering superior durability and weather resistance for long-term performance.

Technical Details

Light Functionality

- Brake Light
- Tail Light
- Reverse Light

Manufacturing Origin

Thailand

Lens Configuration

Red Lens, Clear Lens

Compliance and Standards

Standards

OEM Specification Compliant • Weather Resistant
