Product Overview

High-Performance Timing Transmission

This automotive timing belt is engineered for optimal power transmission and long-term durability in engine applications. Built to rigorous international quality standards, it ensures precise timing and reliable operation under demanding conditions. Designed for both passenger vehicles and light-duty trucks, this component provides extended service life and superior resistance to wear and tear.

Technical Standards

Certifications	ISO/TS 16949:2009, CNAS, IAF, TSE
Model Number	107YU22

Usage Information

Compatible Applications

- Passenger vehicles
- Light-duty trucks
