

Auxiliary Mirror for Trucks and Buses

This small mirror is designed for trucks and buses to enhance visibility and safety. It features durable construction for long-lasting performance in demanding environments.

Product Overview

Universal Safety Enhancement

This auxiliary mirror is specifically designed for trucks and buses to enhance visibility and overall safety on the road. Its durable construction ensures reliable, long-lasting performance even in the most demanding commercial driving environments. By providing a clear, wide-angle view, the mirror helps minimize dangerous blind spots and improves situational awareness for drivers.

Technical Specifications

Part Status

Universal Fit • Aftermarket Replacement

Key Features

- Durable construction for heavy-duty use
- Wide-angle viewing area
- Blind spot reduction
- Universal mounting design

Compatibility

Trucks, Buses, Commercial Vehicles
