

Bagless Canister Vacuum Cleaner

This compact canister vacuum cleaner features a bagless design and a transparent dust collection chamber. It is equipped with large wheels for easy movement and a handle for convenient carrying.

Product Overview

Compact Performance Vacuum

The LD-602 canister vacuum cleaner is engineered for efficient household maintenance on a variety of floor surfaces. Featuring a modern, bagless design, this unit eliminates the need for replacement bags while maintaining high visibility of the dust collection chamber. Its compact build, paired with large-diameter wheels and a sturdy top-mounted handle, ensures excellent maneuverability and ease of storage for professional or residential use.
