

Bagless Cyclonic Vacuum Cleaner

This bagless vacuum cleaner features a lightweight design for easy use. It utilizes cyclonic technology to efficiently separate dirt and debris, ensuring consistent suction.

Product Overview

Efficient Cyclonic Cleaning

This bagless cyclonic vacuum cleaner is engineered for high-performance cleaning in a compact, lightweight form factor. Utilizing advanced cyclonic technology, it separates dirt and debris from the airflow to maintain consistent suction power throughout operation. Equipped with a HEPA filter, it effectively captures fine particles and allergens, making it an ideal solution for maintaining clean indoor environments.

Performance Metrics

Motor Wattage

800 W

Motor Power

160 W

Suction Power

18 kpa

Suction Pressure

Air Flow

25 L/S

Technical Specifications

Voltage	220-240V
Noise Level	80 dB(A)
Dustbin Capacity	2 L
Cable Length	5 m
Variable Power Control	Yes
Filtration System	HEPA Filter, Cyclonic Separation

Physical Dimensions

Product Dimensions	364 x 272 x 305 mm
Weight	4.2 kg

Logistics

Container Loading Quantity

Container Type	Quantity (pcs)
20' CTN	567
40' CTN	1177
40' HQ	1474
