

Bagless Cylinder Vacuum Cleaner

This bagless cylinder vacuum cleaner features a compact and lightweight design for easy maneuverability. It utilizes cyclonic action to efficiently separate dust and debris from the air stream, ensuring consistent suction power.

Overview

Efficient Cleaning Performance

This bagless cylinder vacuum cleaner is engineered for versatility and consistent suction power, utilizing advanced cyclonic action to separate dust and debris from the air stream. Its compact and lightweight design ensures easy maneuverability around the home, while the transparent canister allows for quick monitoring of fill levels. Designed for a variety of surfaces, this unit is an ideal solution for maintaining carpets, hard floors, and upholstery.
