Product Overview

Natural Bamboo 104-Key Keyboard

This eco-friendly keyboard is crafted from natural bamboo, offering a unique and sustainable alternative to traditional plastic peripherals. Featuring a standard 104-key layout, it provides a familiar typing experience with the added benefits of a sweat-absorbent, anti-static, and anti-radiation surface. Designed for durability and comfort, this wired keyboard combines a stylish aesthetic with reliable performance for any professional or home office environment.
