

# Battery Charger

This is a battery charger. It is designed to efficiently charge batteries.

## Product Overview

### Professional Battery Charging Solution

This battery charger is engineered as a compact and efficient power supply solution, ideal for various industrial and electronic applications. Featuring a robust internal circuit design with a high-quality printed circuit board (PCB), it ensures reliable performance and consistent power delivery. Its durable gray plastic housing provides essential protection and insulation for the internal components, making it a dependable choice for professional environments.

## Technical Specifications

Model Identifier	1-1-05049-46
Housing Material	Gray Plastic
Design Features	Compact Design, Efficient Power Supply, Internal Circuit Protection
