

Bean-to-Cup Self-Service Coffee Maker

This self-service coffee maker offers a bean-to-cup experience. It features an integrated grinder for freshly ground coffee and a brewing system for automatic coffee preparation.

Overview

Professional Bean-to-Cup Self-Service Coffee Solution

The HS1800B is a versatile self-service coffee maker designed to deliver an authentic American-style coffee experience. By integrating a high-performance grinder with an automatic brewing system, it ensures every cup is made from freshly ground beans. Its user-friendly design and included carafe make it an ideal choice for environments requiring consistent quality and easy maintenance.
