Product Overview

Versatile Bench Grinder & Belt Sander

This combination machine provides a dual-function solution for sharpening garden and workshop tools, drills, and general metal shaping. It integrates a grinding wheel and an abrasive belt sander into a single, compact unit, making it an essential tool for workshops and garages. Designed for stability and longevity, the machine features permanently lubricated ball bearings and a secure mounting base.

Technical Specifications

Included Grinding Wheels	36 Grit, 60 Grit
Bearing Type	Permanently lubricated ball bearing
