Product Overview

Professional Grade Bench Grinder

This high-performance bench grinder is engineered for versatile metalworking tasks, including saw blade, tool, and bit grinding. It features a robust electric motor housed in a durable casing, ensuring stable operation and a long service life. Equipped with adjustable safety shields and precision tool rests, this tool is designed for both safety and accuracy in demanding workshop environments.

Technical Specifications

Power Rating	500 W
Voltage/Frequency	220V-240V / 50Hz
No-Load Speed	2950 r/min
Wheel Diameter	200 mm

Features & Benefits

Key Advantages

- Dustproof switch for increased longevity
- High-strength precision grinding bearings
- Adjustable safety shields for operator protection
- Integrated tool rests for precision control
- Stable base design for vibration reduction

Common Applications

Saw blade grinding, Tool sharpening, Bit grinding, Metal smoothing
