Product Overview

Professional Bevel Edge Wire Brush

These twisted wire bevel brushes are engineered for demanding surface preparation, cleaning, and deburring tasks in hard-to-reach areas. Featuring a specialized bevelled edge design, they allow for precise access to corners and tight spaces that standard brushes cannot reach. Constructed with high-quality steel wire, these brushes provide exceptional durability and effective material removal on surfaces such as metal, wood, and plastic.

Technical Specifications

Maximum Speed

6500 R.P.M.
