

Bi-Metal Hole Saw Set, 9 Piece

This 9-piece bi-metal hole saw set is designed for cutting clean, accurate holes in various materials. It includes hole saws ranging from 19mm to 57mm, a mandrel adapter, and pilot drills.

Product Overview

Professional Bi-Metal Hole Saw Set

This 9-piece bi-metal hole saw set is engineered for precision and durability in demanding work environments. Featuring high-speed steel (HSS) teeth with a positive rake design, these saws ensure smooth, efficient cutting and superior chip clearance. Designed for versatility, this set is an essential tool for creating clean, accurate holes across a wide range of materials including metal, aluminum, wood, and drywall.
