

Bicycle Bell with Colorful Striker

This bicycle bell features a black housing and a colorful striker. It mounts to the handlebar with a clamp and is activated by a thumb lever.

Product Overview

Enhance Cycling Safety with Style

This bicycle bell features a durable black housing paired with a vibrant, colorful striker designed to catch the eye. Engineered for reliability, it provides a clear, audible warning signal to ensure safer rides for cyclists. The intuitive thumb-lever activation makes it easy to use, while the versatile clamp-style mounting system ensures compatibility with a wide range of handlebar diameters.
