

Bicycle Cassette Sprocket Set

This bicycle cassette sprocket set is designed for smooth and efficient gear changes. It is constructed from durable steel and compatible with most standard bicycle hubs, making it ideal for road, mountain, and hybrid bikes.

Product Overview

Precision Engineered Cassette

This high-quality bicycle cassette sprocket set is expertly designed to provide smooth and efficient gear transitions for a superior riding experience. Constructed from high-durability steel, it is built to withstand rigorous use while maintaining consistent performance across various terrains. Its versatile design ensures broad compatibility with most standard bicycle hubs, making it an ideal upgrade for road, mountain, and hybrid bikes.

Technical Specifications

Material	Durable steel
Lock Ring Torque	40 N.m
Smallest Sprocket	12 T

Compatibility & Use

Compatible Bike Categories	Road Bike, Mountain Bike, Hybrid Bike
Hub Compatibility	Standard bicycle hubs
