

Bicycle Pedal with Reflector

This bicycle pedal is made from durable gray plastic. It features a textured surface to provide enhanced grip and includes a side reflector for increased visibility.

Product Overview

Durable Bicycle Pedal with Integrated Safety Reflector

This durable gray plastic bicycle pedal is engineered for reliable performance and rider safety. It features a textured surface designed to provide enhanced grip, ensuring stability during various riding conditions. The integrated side reflector significantly increases visibility, making it an essential upgrade for safer cycling in low-light environments.
