

Black Epoxy Coated Stainless Steel Disc Cable Tie

These stainless steel cable ties feature a black epoxy coating for enhanced durability. They are disc-packed for convenient dispensing and storage.

Product Overview

Disc-packed design for easy dispensing and organized storage.

Professional Cable Management Solution

These stainless steel cable ties are designed for high-performance bundling and fastening in demanding industrial environments. Featuring a durable black epoxy coating, they offer superior resistance to corrosion, acid, chemicals, and extreme temperatures. The convenient disc-packed design ensures efficient storage and smooth dispensing, making them an ideal choice for professional electrical and infrastructure projects.

Material & Build

Durable epoxy coating provides enhanced environmental protection.

Key Properties

Acid-proof, Corrosion Resistant, High Tensile Strength, Epoxy Coated, Stainless Steel
