

Blank Recordable CD-R Discs on Spindle

These CD-R discs are ideal for storing data, recording music, and archiving files. Each disc has a capacity of 700MB or 80 minutes of audio.

Product Overview

Professional Grade CD-R Storage

These high-quality blank recordable compact discs are designed for reliable data storage, professional music recording, and long-term archiving. Each disc provides a standard 700MB capacity, equivalent to 80 minutes of high-fidelity audio. Supplied in a protective spindle, these discs are secured against environmental factors like dust and scratches, making them ideal for both office and professional media environments.
