Product Overview

High-Performance Automotive Sanding Solution

This blue alumina film sandpaper is engineered specifically for professional automotive paint applications, offering exceptional durability and consistent sanding performance. The film backing provides superior tear resistance and flexibility compared to traditional paper backings, making it ideal for both wet and dry sanding tasks. Designed for efficiency, the abrasive discs feature precision hole patterns for optimal dust extraction, helping to maintain a cleaner workspace and a smoother, defect-free finish on car surfaces.

Technical Specifications

Abrasive Material	Blue Aluminum Oxide
Backing Type	Film
Attachment System	Hook and loop
Grit Range	P60, P80, P120, P180, P240, P320, P400, P600, P800, P1000, P1200, P1500, P2000

Ordering Information

Minimum Order Quantity	1000 pcs/grit
