

Blue Plastic Corrugated Suction Hose

This blue plastic suction hose is suitable for various pumping applications. Its durable construction ensures reliable performance and a long service life.

Product Overview

Versatile Industrial Suction Hose

This blue plastic corrugated suction hose is designed to provide an excellent balance of flexibility and durability for demanding pumping applications. Its transparent, lightweight construction offers high resistance to temperature extremes, making it suitable for both hot and cold environments. Engineered for efficiency, it serves as a robust substitute for heavier rubber, cement, or metal hoses in industrial, agricultural, and construction settings.

Technical Features

Primary Applications

- Water conveying
- Oil transfer
- Powder suction
- Agricultural irrigation
- Industrial pumping
- Construction site drainage

Performance Features

Lightweight, Transparent, Cold Resistant, Hot Resistant, Corrugated

Operational Metrics

Operational Capabilities

0 Small
Bending Radius

100 High
