

BMW 1 Series F20 M-Tech Front Bumper (2012-2014)

This front bumper is designed for BMW 1 Series F20 models manufactured between 2012 and 2014. The M-Tech design provides a more aggressive and dynamic look, with integrated fog light housings and a prominent central air intake.

Overview

Premium M-Tech Style Upgrade

This front bumper is designed specifically for the 2012-2014 model years, offering a direct replacement that ensures precise fitment. Constructed from high-quality PP material, it provides excellent impact resistance and long-lasting reliability for professional automotive upgrades. The sporty design features integrated fog light housings and a prominent central air intake to enhance both aesthetic appeal and aerodynamic performance.
