

Bow Saw with Tubular Frame

This bow saw is designed with a green tubular frame and a tensioned blade. It features a yellow plastic handle that is ergonomically designed for a comfortable grip.

Overview

Professional Bow Saw

This bow saw is engineered with a durable tubular frame, providing the necessary rigidity for efficient cutting tasks. It features an ergonomically designed handle for user comfort during prolonged use. The tensioned blade system ensures stability and precision, making it a reliable tool for cutting wood and various other materials in professional or workshop environments.

Design & Build
