

Brass Ball Valve

This ball valve features a durable brass body and a red lever handle for easy operation. It is designed for reliable flow control in various industrial and plumbing applications.

General Information

Professional Grade Brass Ball Valve

This high-quality brass ball valve is engineered for durability and reliable flow control in industrial and plumbing systems. Featuring a full-port design, it ensures maximum fluid capacity and minimal pressure drop during operation. Equipped with a high-visibility red lever handle, the valve allows for quick and intuitive manual shut-off control.
