

# Brass Ball Valve

This ball valve is designed for on/off control of various fluids. It features a durable construction with threaded connections for easy installation.

## Product Overview

### Industrial Brass Ball Valve

This full port brass ball valve is engineered for efficient on/off flow control of fluids in industrial and commercial plumbing systems. It features a robust, durable construction and reliable threaded connections, ensuring longevity and ease of installation. Equipped with a responsive lever handle, the valve allows for quick, positive shutoff, making it a dependable choice for demanding fluid management applications.

## Technical Specifications

### Port Type

Full Port

### Available Sizes

- 1/2"
- 3/4"
- 1"
- 1-1/4"
- 1-1/2"
- 2"

### Article Number

B1005

### Connection Type

FXM (Female x Male)
