

Brass Ball Valve with Aluminium Butterfly Handle

This brass ball valve features a full bore design. It includes an aluminium butterfly handle and a size of 1/2 inch.

Product Overview

High-Performance Brass Ball Valve

This durable brass ball valve features a full bore design, ensuring optimal flow capacity for your piping systems. Equipped with an ergonomic aluminium butterfly handle, it offers reliable and easy operation for on/off control. Designed for versatility, this F/M configuration is an essential component for professional plumbing and industrial fluid control applications.
