

Brass Ball Valve with Aluminum Lever

This brass ball valve features a full bore and an aluminum lever handle. It has a size of 1/2" and a Dn15 dimension.

Product Overview

High-Performance Brass Ball Valve

This durable brass ball valve features a full bore design, ensuring optimal flow rates for various fluid control applications. Equipped with a sturdy aluminum lever handle, it provides reliable manual operation and long-term durability. Designed for standard piping systems, this F/F (Female/Female) valve is a robust solution for professional plumbing and industrial installations.
