

Brass Ball Valve with Yellow Lever

This brass ball valve features threaded connections for easy installation in plumbing systems. The yellow lever handle provides a clear visual indication of the valve's open or closed position.

Product Overview

Industrial Brass Ball Valve

This high-quality brass ball valve is engineered for efficient flow control of fluids and gases in both industrial and residential plumbing systems. Featuring a durable brass construction, it offers long-term reliability and robust performance. The inclusion of a bright yellow lever allows for quick, intuitive operation and immediate visual status indication.
