

Brass Ball Valve

This brass ball valve is designed for reliable shutoff control in various fluid systems. It features a durable brass body and a red butterfly handle for easy manual operation.

Product Overview

High-Performance Full Port Brass Ball Valve

This full port brass ball valve is engineered for reliable flow control in demanding plumbing, heating, and industrial applications. Designed with a durable brass construction, it ensures a tight seal and excellent corrosion resistance for water, oil, and gas systems. Its compact profile and manual handle operation make it an ideal solution for installations where space is limited.

Technical Specifications

Article Number	B1005
Valve Type	Full Port (FXM)
Body Material	Brass

Available Options

Available Sizes

- 1/2"
- 3/4"
- 1"
- 1-1/4"
- 1-1/2"
- 2"

Applications

Compatible Media	Water, Oil, Gas
Common Applications	Plumbing, Heating, Industrial
