

Brass Check Valve for Fluid Systems

This brass check valve is designed for HVAC&R applications, providing reliable backflow prevention in fluid systems. Constructed from durable brass, it ensures corrosion resistance and longevity.

Product Overview

Durable Brass Check Valve for Fluid Systems

The JL-4117 series brass check valve is engineered for reliable backflow prevention in HVAC&R and various fluid systems. Constructed from high-quality brass, it offers excellent corrosion resistance and long-term durability in demanding industrial environments. Its compact design facilitates easy installation in tight spaces while maintaining a robust seal to minimize leakage and ensure peak system performance.

Technical Specifications

Nominal Diameter

DN20

Model Number

JL-4117

Material

Brass

Available Sizes

Size Range

- 1/2"
- 3/4"
- 1"
- 1 1/4"
- 1 1/2"
- 2"
- 2 1/2"
- 3"
- 4"

Application Details

Key Performance Features

- Backflow prevention
- Corrosion resistance
- Compact design for tight spaces
- Robust construction for tight sealing
- Minimized leakage

Primary Applications

HVAC&R, Fluid Systems, Industrial, Commercial

Size Reference

Art No.	Size		
JL-4117	1/2	3/4	1
	1 1/4	1 1/2	2
	2 1/2	3	4

Comprehensive range of sizes available from 1/2 to 4 inches for the JL-4117 series.

Standard Size Options

Art No.	Size (Inches)
JL-4117	1/2
JL-4117	3/4
JL-4117	1
JL-4117	1 1/4
JL-4117	1 1/2
JL-4117	2
JL-4117	2 1/2
JL-4117	3
JL-4117	4
