

Brass Padlock Set with Keys

This set features three brass padlocks in different sizes, each with its own set of keys. The padlocks utilize a pin tumbler mechanism and are designed with a shackle for secure fastening.

Product Overview

Professional Grade Brass Padlocks

This durable brass padlock set provides reliable security for a wide variety of industrial and commercial applications. The set includes three distinct sizes to accommodate different shackle requirements, ensuring versatility for locking cabinets, gates, and storage units. Crafted from high-quality metallic alloy, these locks feature standard pin tumbler mechanisms for robust everyday protection.
