

Brazed Diamond Wall Saw Blade

This brazed blade is designed for reinforced concrete and brick. It provides fast and smooth cutting with long life.

Overview

High-Performance Wall Sawing Solution

This brazed diamond wall saw blade is engineered for demanding professional applications, including cutting through concrete, reinforced concrete, and masonry. Featuring durable brazed diamond segments, it is designed to provide both efficient cutting speeds and an extended service life. The blade is optimized for use with high-powered wall saws, ensuring precision and reliability in heavy-duty construction environments.

Technical Specifications

Available Models

Model	Segment Height (mm)	Segment Width (mm)	Arbor (mm)
BWA800	13	4.7	60
BWA1000	13	4.7	60
BWA1200	13	4.5	60

Diameter Range

800 mm

Minimum Diameter

1200 mm

Maximum Diameter

Key Features

Brazed Diamond Segments, Reinforced Concrete Compatible, High-Speed Cutting, Long Service Life
