Product Overview

Bronze Marine Storm Valves

These high-quality bronze storm valves are designed specifically for marine applications in accordance with JIS standards. Engineered for durability and reliability, they feature robust construction suitable for demanding maritime environments. Available in a variety of configurations including vertical and angle types, these valves are built to withstand significant pressure while providing precise flow control.

Technical Specifications

Body Test Pressure

0.5 MPa
Test Pressure

5 Kgf/cm²
Test Pressure

Material

Bronze Body, Bronze Bonnet, NBR Seat, Stainless Steel Disc, Brass Stem

Design Standards

JIS F 7400, JIS B 2220-5K, JIS B 2220-10K

Available Models

Storm Valve Series

- Series F 3057 (Vertical & Angle)
- Series F 3059 (Vertical & Angle)

Flange Ratings

JIS 5K • JIS 10K

Size Range

50mm - 200mm
