Product Overview

Professional Brush Cutter

This gasoline-powered brush cutter is engineered for demanding landscaping tasks, offering a robust solution for clearing dense vegetation and maintaining large areas. Equipped with a reliable air-cooled, two-stroke engine, it delivers consistent power for efficient trimming. Its ergonomic side-attached design ensures operator comfort during extended use, making it an ideal choice for professional landscaping applications.

Engine Specifications

Engine Power

1.45 kW
Power Output

40.2 cc
Displacement

Engine Model	1E40F-6
Engine Type	Air-cooled, two-stroke, single cylinder gasoline
Carburetor Type	Float type

Performance

Operating Speeds

- Power speed: 6500-7000 r/min
- Idling speed: 2800-3200 r/min

Fuel/Oil Ratio	25:1
Fuel Tank Capacity	850 ml

Physical Dimensions

Physical Specs

Attribute	Value
Pipe Diameter	28 mm
Engine Net Weight	3.9 kg
Total Machine Weight	7.5 kg

Carrying Style

Side-attached

Dimensions (L x W x H)	1850 x 520 x 400 mm
