

Brushed Metal Ceiling Fan with Integrated Lighting

This ceiling fan features a brushed metal finish and dark wood-tone blades. It includes an integrated lighting fixture with four cylindrical shades, designed for indoor use.

Product Overview

Elegant Air Circulation & Illumination

This brushed metal ceiling fan offers a sophisticated blend of form and function, perfect for enhancing indoor living spaces. Featuring a durable metal housing with a refined finish and five dark wood-tone blades, it provides both efficient air circulation and ambient lighting. The integrated four-light fixture ensures your space remains bright and welcoming, making it an ideal choice for residential or commercial interior design applications.
