

C5 Appliance Connector

This C5 connector is suitable for various electric appliances. It holds UL/CUL, VDE, SAA, CCC, and ASTA certifications.

Product Overview

C5 Appliance Connector

The C5 Appliance Connector is a standard IEC60320-1 compliant power solution designed for reliable connectivity in electronic devices. Featuring a robust molded construction, this connector is engineered to provide a secure and durable power interface. It is suitable for a wide range of applications, offering flexible power ratings to meet diverse international requirements.
