

Cam Lock

This cam lock is suitable for cabinets, drawers, lockers and enclosures. It features a cylindrical housing with a rotating cam that engages with a frame or strike plate to secure doors or panels.

Product Overview

Reliable Security for Enclosures

This cam lock is a versatile and durable solution designed for securing cabinets, drawers, lockers, and various industrial enclosures. Featuring a robust metal construction, it ensures long-term reliability and resistance to wear and tear in demanding environments. Its user-friendly design allows for straightforward installation, making it an ideal choice for a wide range of commercial, industrial, and residential applications.
