

# Camouflage All-Terrain Vehicle (ATV) with 150ST Engine

This all-terrain vehicle features a camouflage pattern and is designed for off-road use. It is equipped with a 150ST engine, a robust frame, knobby tires, and a rear cargo rack.

## Overview

### Rugged Off-Road Capability

This camouflage-patterned all-terrain vehicle is engineered for versatile off-road performance. Powered by a reliable 150ST engine, it provides the necessary torque and traction for challenging terrains. Designed with a robust frame and practical rear cargo rack, this ATV serves as an effective solution for both recreational and utility applications.

## Technical Specifications
