

Camping Axe with Tubular Handle

This camping axe features a durable steel head and a comfortable tubular handle. It comes with a protective leather sheath, ensuring safe storage and easy portability for outdoor adventures.

Product Overview

Professional Camping Axe

This durable camping axe is engineered for reliability in outdoor and utility environments. Featuring a robust drop-forged steel head and a tubular handle design, it offers the perfect balance of weight and impact resistance. The included leather sheath ensures safe storage and transport, making it an essential tool for professional camping gear or emergency kits.
