

# Canister Steam Cleaner with Wand

This steam cleaner features a canister base with a flexible hose and wand attachment. It is designed for cleaning and sanitizing hard floors and carpets using steam.

## Product Overview

### Professional Steam Cleaning Performance

This versatile canister steam cleaner is designed to provide high-efficiency sanitization and deep cleaning for both hard floors and carpets. Featuring a mobile canister base with integrated wheels, the unit offers excellent maneuverability for thorough cleaning across diverse environments. The system utilizes heated steam to effectively break down dirt and debris without the need for harsh chemicals, ensuring a cleaner, safer workspace.

## Design and Build
