

Canister Vacuum Cleaner with Cord Rewinder

This canister vacuum cleaner has a 4.5-liter dust bag and an optional electronic power control. It features a pedal on/off switch and a cord rewinder.

Product Overview

Compact Efficient Cleaning

This versatile canister vacuum cleaner is engineered for high-performance dust and allergen removal in diverse environments. Featuring an advanced bagless cyclonic filtration system, it ensures consistent suction power across hardwood, tile, and carpeted surfaces. Its lightweight construction, combined with smooth-rolling wheels and an ergonomic cord rewinder, provides exceptional maneuverability and ease of storage for professional or household use.

Key Features
