Product Overview

TELESCOPING FLEXIBLE MOBILE PHONE STAND

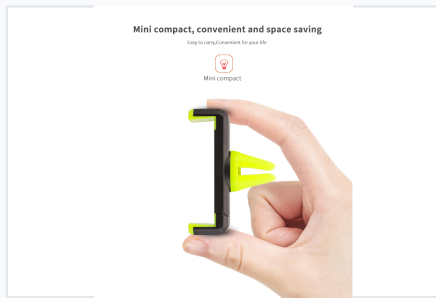

The telescoping design allows for flexible positioning within the car air vent.

Compact & Secure Air Vent Smartphone Holder

This universal car air vent mount provides a safe and stable solution for hands-free smartphone use while driving. Its compact, portable design ensures it doesn't block the driver's eyesight, while the adjustable grips accommodate a wide range of modern smartphones. Built with a steel core and non-slip materials, it offers long-lasting durability and a secure hold even on bumpy roads.

Design & Build

Mini compact size ensures the holder is space-saving and easy to carry.

Features a built-in steel core for enhanced durability and a non-slip ABS+PVC exterior.

Utilizes a triangular fixing principle to ensure maximum stability during travel.

Key Features

- Small and portable design
- Safe driving (non-blocking eyesight)
- Triangular fixing principle for stability
- Fastening antiskid mechanism
- Available in rotatable and non-rotatable models

Materials

ABS, Silicone, PVC, Steel Core
