

Car Audio Horn Tweeter

High-performance horn tweeter designed for car audio systems. It features robust construction for durability and optimal sound reproduction, ensuring compatibility with various amplifiers.

Product Overview

High-Performance Car Audio Horn Tweeter

This high-performance horn tweeter is engineered to deliver crisp, clear high-frequency response in automotive audio systems. Designed for durability and optimal sound reproduction, it features robust construction suitable for demanding car audio environments. With standardized impedance and power handling capabilities, this unit is compatible with a wide range of amplifiers, making it an ideal upgrade for enhancing your vehicle's sound stage.

Technical Specifications

Maximum Power

140 W

Max Power

Model	HG-16
Impedance	8 Ω

Features

Product Type

Horn Tweeter • Car Audio
