Product Overview

Reliable Carbon Monoxide Detection

This carbon monoxide safety alarm is designed for continuous indoor monitoring, providing essential protection against dangerous CO gas concentrations. It features a high-sensitivity electrochemical sensor and an intuitive LCD display that clearly communicates device status, including fault, test, and danger alerts. With a user-friendly test/reset button and clear visual indicators, this device offers a reliable and easy-to-maintain safety solution for residential or office environments.

Technical Specifications

LCD Status Codes

Code	Meaning
Err	Fault detected
---	Test mode active
Hco	Danger / High CO level

Visual Indicators

Power, Fault, Alarm

Features & Functionality

Core Features

- Electrochemical sensor technology
- Continuous CO level monitoring
- Audible alert system
- Test/Reset button for maintenance
- Low-battery warning

Installation & Usage

Mounting Options

Wall Mount • Ceiling Mount

Indoor Use Only

Yes
