

Cargo Transport Motorized Tricycle

This motorized tricycle is designed for cargo transport. It features a flatbed cargo area with railing and a motorcycle-style front end.

Product Overview

Rugged Cargo Solutions

This motorized tricycle is engineered for efficient heavy-duty transport in diverse commercial environments. Featuring a robust three-wheeled configuration and a spacious rear flatbed, it provides superior stability for carrying bulky materials or cargo. Its motorcycle-style front end ensures maneuverability and ease of control for the operator during daily logistics tasks.
