

Cargo Transport Tricycle with Rear Basket

This tricycle is designed for cargo transport. It features a robust steel frame, a single front wheel, dual rear wheels, and a large rear cargo basket.

Product Overview

Robust Cargo Solutions

This heavy-duty cargo transport tricycle is engineered for reliable goods hauling in commercial or personal environments. Featuring a stable dual-rear-wheel configuration and a high-capacity cargo basket, it provides a safe and efficient platform for transporting items. The robust steel frame ensures longevity, making it an ideal choice for businesses requiring a durable non-motorized transport solution.
