Overview

Professional Carton Folding and Gluing Solution

The SHH-800AG is a highly versatile automatic machine designed for precision paperboard shaping and adhesive processing. Engineered for efficiency, it supports both straight-line and bottom-lock box styles with stable, continuous production. This economic model offers wide-ranging utility and user-friendly operation, making it an ideal choice for high-volume packaging manufacturing.

Technical Specifications

Folding Configuration

- Fold 1: 180°
- Fold 2: 180°
- Fold 3: 180°
- Fold 4: 180°

Machine Dimensions

Variation	Dimensions (mm)	Weight (KG)
Standard	11000 x 1100 x 1400	2200
Extended	11000 x 1300 x 1400	2400

Model	SHH-800AG
Compatible Material	Cardboard 200-800g, E-flute, F-flute
Power Supply	380V 3P 50HZ
Adhesive Type	Water-base cold glue

Performance Metrics

Production Efficiency

220 m/min
